

INVITE YOUR NEIGHBOR

The Bucksport Bay Area Chamber of Commerce works fervently to exceed your expectations while helping shape and support an environment for business success.

We know how powerful a word-of-mouth endorsement can be and we also know there is strength in numbers. A growing membership strengthens our Chamber's impact as we promote our members and the communities they are in.

To this end, we have created a new member recruitment program which grows YOUR Chamber, while rewarding you for your support of our community.

Everybody Wins!

For every new business you recruit for membership in the Bucksport Bay Area Chamber, you have the following options:

- Enhanced listing on Chamber Member Map (\$50 value)**
- \$50 credit towards banner advertising on website**
- \$50 credit towards upcoming membership dues (your own, or your designee's)**
- \$50 credit on printing services with the Chamber**
- Give your reward to another member**

Ours is a RECRUITMENT Program, not a Referral Program.

How It Works

The application must be completed by the recruiting member and submitted to the Chamber, along with the new member's check. At this time, the recruiting members will also let the Chamber know which reward they have selected.

A Chamber representative will then contact the newly recruited member to explain membership benefits.

In the event multiple members recruit the same business, the first member presenting payment will be honored.

There is no limit to how many businesses a member can recruit or how many associated rewards they can receive.
